

# Lifeenergy® Cushion

Patented Ceramic Semi-conductor Technology  
Very safe: CE and GS certified  
Far Infrared Rays of 4~14 microns

## Most suitable for desk-bound people with

- Backache
- Cold office environment
- Weak physics
- Menses pain/cramp
- Helps relieve body ache/tension from the waist up
- Can be used as a pillow as well. Similar benefits of improving blood circulation
- Reduce problems of stiff neck and frozen shoulder
- Helps reduce muscle ache after exercise if used under the calves
- Protects the waist from the further strain
- Benefits pregnant women as well. Reduces pressure on their backs
- The elderly will enjoy the heating effect and benefit from the Lifeenergy® Cushion

## Features:

Specially designed, air pumped into the cushion helps support the body from the waist up. A must have for those who sit at their desks or drive for long hours – the FIR technology incorporated into the air cushion allows users the sensation of a heating effect upon their lower backs. This helps to ease muscle tension, reduce fatigue and relieve backache.
