

# Meridian Activation Therapy Device (MAT Device)

Most suitable for:

- People who need frequent visits for acupuncture treatment
- Knee joints ache and joints arthritis
- Poor digestive and absorption
- Acid reflux
- High glucose
- Insomnia or poor sleep quality
- General health maintenance

## Product Description

“MAT Device” integrates the traditional acupuncture meridian theory and results of modern biomedical studies. Acupuncture points (Acupoints) and meridians can be categorized into different “combinations of Acupoints” and activate by applying the “Low Frequency Electrical Pulse Technology”. The therapy activates *Qi* flow along meridians, improve organs function and stimulate brain nerves function.

## Meridian Activation Therapy

Below are nine examples of acupoint combinations and health benefits:

### Application 1: Organs Healthcare (Blood & Glucose Health)

Balance liver, bile (alkaline) and stomach (acid) to enhance the pancreas (enzyme)
